

AutoZone 3rd Quarter Same Store Sales Increase 1.9%; EPS Increases to \$34.12

May 23, 2023

MEMPHIS, Tenn., May 23, 2023 (GLOBE NEWSWIRE) -- AutoZone, Inc. (NYSE: AZO) today reported net sales of \$4.1 billion for its third quarter (12 weeks) ended May 6, 2023, an increase of 5.8% from the third quarter of fiscal 2022 (12 weeks). Domestic same store sales, or sales for stores open at least one year, increased 1.9% for the quarter.

"I would like to congratulate and thank our entire organization for delivering solid earnings in our third fiscal quarter. The hard work of our AutoZoners and their dedication to providing superior customer service, again drove our quarterly performance. While weaker than expected sales for the month of March meaningfully affected our results this quarter, we are excited about our initiatives and believe we are well positioned for future growth," said Bill Rhodes, Chairman, President and Chief Executive Officer.

For the quarter, gross profit, as a percentage of sales, was 52.5%, an increase of 56 basis points versus the prior year. The increase in gross margin was impacted by a 42 basis point (\$17 million) non-cash LIFO benefit, with the remaining leverage primarily from higher merchandise margins. Operating expenses, as a percentage of sales, were 31.5% versus last year at 31.6%.

Operating profit increased 9.3% to \$858.5 million. Net income for the quarter increased 9.3% over the same period last year to \$647.7 million, while diluted earnings per share increased 17.5% to \$34.12 from \$29.03 in the year-ago quarter.

Under its share repurchase program, AutoZone repurchased 356 thousand shares of its common stock for \$908.2 million during the third quarter, at an average price of \$2,551 per share. At the end of the third quarter, the Company had \$843.6 million remaining under its current share repurchase authorization.

The Company's inventory increased 7.4% over the same period last year, driven by inflation and its growth initiatives. Net inventory, defined as merchandise inventories less accounts payable, on a per store basis, was negative \$215 thousand versus negative \$216 thousand last year and negative \$227 thousand last quarter.

During the quarter ended May 6, 2023, AutoZone opened 22 new stores in the U.S., six in Mexico and two in Brazil. As of May 6, 2023, the Company had 6,248 stores in the U.S., 713 in Mexico and 83 in Brazil for a total store count of 7,044.

AutoZone is the leading retailer and distributor of automotive replacement parts and accessories in the Americas. Each store carries an extensive product line for cars, sport utility vehicles, vans and light trucks, including new and remanufactured automotive hard parts, maintenance items, accessories, and non-automotive products. Many stores also have a commercial sales program that provides commercial credit and prompt delivery of parts and other products to local, regional and national repair garages, dealers, service stations and public sector accounts. We also have commercial programs in the majority of our stores in Mexico and Brazil. AutoZone also sells the ALLDATA brand automotive diagnostic, repair and shop management software through www.autozone.com. Additionally, we sell automotive hard parts, maintenance items, accessories and non-automotive products through www.autozone.com, and our commercial customers can make purchases through www.autozonepro.com. We also provide product information on our Duralast branded products through www.duralastparts.com. AutoZone does not derive revenue from automotive repair or installation services.

AutoZone will host a conference call this morning, Tuesday, May 23, 2023, beginning at 10:00 a.m. (ET) to discuss its third quarter results. This call is being web cast and can be accessed, along with supporting slides, at AutoZone's website at www.autozone.com and clicking on Investor Relations. Investors may also listen to the call by dialing (888) 506-0062, passcode AUTOZONE. In addition, a telephone replay will be available by dialing (877) 481-4010, replay passcode 48303 through June 6, 2023.

This release includes certain financial information not derived in accordance with generally accepted accounting principles ("GAAP"). These non-GAAP measures include adjustments to reflect return on invested capital, adjusted debt and adjusted debt to EBITDAR. The Company believes that the presentation of these non-GAAP measures provides information that is useful to investors as it indicates more clearly the Company's comparative year-to-year operating results, but this information should not be considered a substitute for any measures derived in accordance with GAAP. Management targets the Company's capital structure in order to maintain its investment grade credit ratings. The Company believes this is important information for the management of its debt levels and share repurchases. We have included a reconciliation of this additional information to the most comparable GAAP measures in the accompanying reconciliation tables.

Certain statements contained herein constitute forward-looking statements that are subject to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Forward-looking statements typically use words such as "believe," "anticipate," "should," "intend," "plan," "will," "expect," "estimate," "project," "positioned," "strategy," "seek," "may," "could" and similar expressions. These are based on assumptions and assessments made by our management in light of experience and perception of historical trends, current conditions, expected future developments and other factors that we believe to be appropriate. These forward-looking statements are subject to a number of risks and uncertainties, including without limitation: product demand, due to changes in fuel prices, miles driven or otherwise; energy prices; weather, including extreme temperatures, natural disasters and general weather conditions; competition; credit market conditions; cash flows; access to available and feasible financing; future stock repurchases; the impact of recessionary conditions; consumer debt levels; changes in laws or regulations; risks associated with self-insurance; war and the prospect of war, including terrorist activity; the impact of public health issues; inflation, including wage inflation; the ability to hire, train and retain qualified employees: construction delays: failure or interruption of our information technology systems; issues relating to the confidentiality, integrity or availability of information, including due to cyber-attacks; historic growth rate sustainability; downgrade of our credit ratings; damage to our reputation; challenges associated with doing business and expanding into international markets; origin and raw material costs of suppliers; inventory availability; disruption in our supply chain; impact of tariffs; impact of new accounting standards; our ability to execute our growth initiatives; and other business interruptions. Certain of these risks and uncertainties are discussed in more detail in the "Risk Factors" section contained in Item 1A under Part 1 of the Company's Annual Report on Form 10-K for the year ended August 27, 2022, and Part II, Item 1A, of our Quarterly Report on Form 10-Q for the quarterly period ended November 19, 2022. These Risk Factors should be read carefully. Forward-looking statements are not guarantees of future

performance and actual results, developments and business decisions may differ from those contemplated by such forward-looking statements. Events described above and in the "Risk Factors" could materially and adversely affect our business. However, it should be understood that it is not possible to identify or predict all such risks and other factors that could affect these forward-looking statements. Forward-looking statements speak only as of the date made. Except as required by applicable law, we undertake no obligation to update publicly any forward-looking statements, whether as a result of new information, future events or otherwise.
